SATURDAY, APRIL 11, 1903.

Hilo's plans for fireworks on the Fourth of July was particularly timely in view of Mr. Peck's announcement that the Kohala-Hilo road will begin construction on that day.

It seems hardly necessary for the Grand Jury to investigate the embezzlement charge against Charles Wilcox after the report of the House Committee rendered this morning.

## NOW PASS THE BILL.

The outline of the agreement reached by the County Bill Conference Committee indicates that the members have succeeded in reaching conclusions on a measure that should receive the solid Republican vote of both houses of the Legislature. The Representatives have succeeded in carrying through one of the most vital points in their bill and the Senators have shown good judgment in accepting the election of County Supervisors by Districts. Under the bill as it comes from the conference every district of the islands will have a representative on the Board of Supervisors and despite the fact that the course of events is likely to give place to the Honolulu, Waialua and Hilo full control of their respective counties, the country districts are assured of a representation without an appeal to the Board of Supervisors. The bill, as it comes from the conference, is a measure of great importance to the people of the islands and it is to be hoped that it will pass without delay.

The school amendment could hardly be termed a fighting ground on account of the failure on the part of the House to provide the necessary appropriation in the bill to enable the counties to assume the local control planned. Furthermore the country districts, which started out strong for this amendment, have not given their representatives in the Legislature the support or timely show of strength necessary to putting through any sharply contested point. County school control was preeminently a request of the country against Honolulu. The country, beyond making the demand for control, has lapsed into a condition of apparent indifference. Voters of the country districts are certainly not in a position to call their representatives to account for failure of the school amendment to pass.

The District Magistrate feature was not of sufficient importance to justify a blockade in the committee and the House members showed good judgment in allowing the Senate program to stand.

Taken as a whole, the County Bill, while not giving the full measure of local control which many desired, affords a degree of local self-government which is liberal when compared with present conditions. It is worthy of the solid Republican vote which it will undoubtedly receive.

The following sugar is reported left at Hawaii ports ready for shipment. Oahu, 48,778; Wainaku, 14,000; Hawaii, 2700; Wainaku, 7000; Onomea, 24,000; Pepeekeo, 10,500; Honouliuli, 15,200; Hakalau, 18,000; Laupahoehoe, 5000; Ooaka, 1500; Kakaia, 2000; Hamakua, 6300; Paauhau, 3000; Honokaa, 4000; Kukuihaele, 4000; Punaluu, 2000; Honouliuli, 7000.

In the Police Court this morning Jose Carvallo was sentenced to four months' imprisonment for vagrancy. J. Lemmon, charged with common nuisance, was discharged. You Yong Fook was fined \$5 and costs for assault and battery on Shui Kyan (tw). Iwahashi, charged with vagrancy, had his case continued.

The steamer Kinai arrived from Hilo and way ports at 1 o'clock this afternoon with 35 bags, 1 horse and 111 pkgs. sundries. Purser Beckley is again on board, having joined the vessel on Hawaii after finishing business at Kailua.

San Francisco March 23.—Nellie Anderson was granted a divorce today by Judge Hebbard from Alvin T. Anderson. The parties were married at Honolulu, March 23, 1901. On February 1, 1902, the husband deserted the plaintiff in San Francisco and went to Honolulu, where he is now employed as engineer on the steamer Kanaloa. He made no pretense at defending the action against him, though the summons was served on him in Hawaii, so the case was disposed of like most divorces—by default.

William H. Day of New York city will attempt to organize at Glen Elsie, a village on the Hudson river, an art-producing community similar in character to that founded in England under the auspices of William Morris.

# DWIGHT'S PRIVATE TEAMS

Editor Evening Bulletin:—In the Star of March 21st, there appeared a statement regarding the number of government teams idle during the middle of the month mentioned, from the 9th to the 17th. In connection with this, was another list purported to be a correct statement of the number of private teams hired during the same period. I wish to correct this part of the article. The following is a correct list of the private carts doing government work under me as Road Supervisor from March 2 to 17: March 2d, 1; 3d to 10th inclusive, 4 carts daily; 17th, 4 carts a half day. Adding up the total number for the period cited by the Star, we have 31 carts while the correct number for the same period as the books of the Road Department will show, is but 30.

Now then, there is another point the books will also show. The government was not charged a single cent for these carts or for the mules that drew them. The work which was done during this period and for which private teams were brought into use, was in Konaui lane, where I have an interest. The appropriation for this work was only \$500 and as this would not have been sufficient to carry out the work with the expense of the number of carts that would be required, I decided to use my own carts, charging the government nothing therefor. The only expense which by the way, was a perfectly legitimate one, was the wages of the men who drove the carts and they were the same I had been in the habit of employing from time to time as occasion should require.

In the advertisement of the same date as the Star from which I have quoted, is an article in which it is mentioned that teams of a prominent senator of the Territory had been employed in work of the government. I wish to say that the agreement in regard to these carts was made with the department previous to the beginning of my term as Road Supervisor. It was a time when said from the Manoa quarry was being tried for the top-dressing of various roads out in Makiki. The sand of the government was being all used in the construction of the Kewalo ditch and other sand had to be obtained elsewhere. The only place was the Manoa quarry and the department decided to give it a trial. When it came to the final arrangements, the owner refused to allow the department to take any of the material unless he was allowed to use his own carts. That is, as I have learned, how the arrangement was made.

I dislike very much to say anything about these matters since the incident of my connection with the Public Works Department has been closed, but statements have been made in the Advertiser and Star against me which are absolutely false and injurious. My only object is to show the public that there are two sides to the question and not only one, as they would have the people believe.

Very respectfully,  
(Signed) CHARLES B. DWIGHT.

# THE GARBAGE BILL

Editor Evening Bulletin:—The Advertiser goes into this morning over the Garbage Bill, claiming that a grand attempt to rob the Government is on and that Mr. Boyd and his associates are able to put the Government in their pockets and walk off with it.

The Advertiser says that the revenue to the Government from the garbage collections is \$5,000 per year, but Mr. Samuel Johnson, in his report to the Superintendent of Public Works, says the appropriation for removing garbage for the period is \$18,840 and that the expenditures were \$9,375.93 for the year 1902. Also, under the head of Government realizations for removing garbage, appears \$4,970 for the year 1902. This shows the Advertiser's \$5,000 per year profit to the Government to be an actual loss to the Government of \$4,405.43.

As to charges for removing the garbage the Advertiser is also away off the track, as shown by the schedule of charges published in the same report, viz:

Cottages . . . . . \$ .35 pr mo.  
House from . . . . . .50 to \$1.00 pr mo.  
Lodging house from . . . . . .75 to 1.50 pr mo.  
Stores from . . . . . .50 to 1.50 pr mo.  
Hotels from . . . . . 1.00 to 3.00 pr mo.  
Saloons . . . . . 1.00 pr mo.

Another thing is that at present the garbage is disposed of in a very insanitary manner, whereas Mr. Boyd proposes to burn it and establish a crematory for that purpose will cost up to \$50,000.

Mr. Editor, this bold attempt at robbery is a fizzle.

## BRINGS SHIP TO PORT.

The strong wind this morning brought the bark Coronado and Albert into port. The Coronado made the trip from San Francisco in 15½ days. The voyage was uneventful. The Coronado brought two passengers, Mrs. A. L. Reed of San Francisco and her niece, Miss Florence Phillips, of Buffalo, who came here on a pleasure trip. The Coronado is at present lying at Brewer's wharf, where she will discharge her cargo, consisting of 1200 tons of general merchandise.

# Consular Demand

FOR DISTRIBUTION

## Of Chinese Fund

Under date of March 17th, Geo Kim Ful, H. I. C. M.'s Acting Consul, made an official request to Governor Dole for the distribution of the so-called Chinese fund to those by whom it was contributed. The following are the words of the consular letter:

"March 17th, 1903.  
"H. E. S. B. Dole, Governor of the Hawaiian Territory, Honolulu, H. I.  
"Esteemed Sir:—I have the honor to invite your attention that it has come to my knowledge that Mr. Wray Taylor, ex-Secretary of the Board of the Chinese Immigration, is absent and will not return to his service any more, and that many Chinese are waiting to draw the immigration funds.

"I, an Official Representative of the Chinese Empire, have the honor in behalf of the Chinese subjects residing at the Hawaiian Territory, to request you to distribute the said fund to those who have contributed thereto at any time they apply for the same, for the said fund is their property and it will be anyhow paid to them.

"You are again requested kindly to notify me of whom has control over said fund and authority to distribute the same.

"I beg further to call your attention to the fact that since the annexation of these islands to the United States, the law pertaining to contracting laborers is no more in existence. Furthermore all such laborers who contributed to such funds have been registered and they are entitled to remain in this Territory.

"Thanking you in advance and awaiting a favorable answer.  
"Yours respectfully,  
"GOO KIM FUL,  
"H. I. C. M.'s Acting Consul."

Private Secretary Hawes on the 18th of March sent the following reply to the Acting Consul:

"Sir:—I am directed by the Governor to acknowledge the receipt of your communication of the 14th inst. in regard to the distribution of the Chinese fund, held by the Government for return to the Chinese on their leaving the country.

"This fund is at present tied up awaiting the action of the Legislature, and until some action is taken by that body no money will be paid out."

Since the Chinese Government, through its representative, has taken up the case for the Chinese contributors, it seems inevitable that the Government of Hawaii will have to pass the question on to Washington.

## CENTRAL UNION CHURCH.

# PE-RU-NA CURES CATARRH OF KIDNEYS EVERY TIME.

## DANGEROUS KIDNEY DISEASES CURED

Pe-ru-na Creating a National Sensation in the Cure of Chronic Afflictions of the Kidneys.

Major T. H. Mars, of the First Wisconsin Cavalry regiment, writes from 1425 Dunning street, Chicago, Ill., the following letter:

"For years I suffered with catarrh of the kidneys contracted in the army. Medicine did not help me any until a comrade who had been helped by Pe-ru-na advised me to try it. I bought some at once, and soon found blessed relief. I kept taking it four months, and am now well and strong and feel better than I have done for the past twenty years, thanks to Pe-ru-na."  
T. H. Mars.

Mr. John Vance, of Hartford City, Ind., says: "My kidney trouble is much better. I have improved so much that everybody wants to know what medicine I am using. I recommend Pe-ru-na to everybody and some have commenced to use it. The folks all say that if Dr. Hartman's medicine cures me it must be great."  
John Vance.

Mr. J. Brooke, of Petrolia, Ontario, Canada, writes: "Four years ago I had a severe attack of Bright's disease, which brought me so low the doctor said nothing more could be done for me. I began to take Pe-ru-na and Maadlin, and in three months I was a well man, and have continued so ever since."  
J. Brooke.

At the appearance of the first symptom of kidney trouble, Pe-ru-na should be taken.

For special directions everyone should read "The Life of Life," a copy of which surrounds each bottle. Pe-ru-na is for sale by all chemists and druggists at one dollar per bottle, or six bottles for five dollars.

Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A.

Benson, Smith & Co. will supply the retail drug trade in Honolulu.
